The SF has been carefully fashioned to look as realistic as possible so it can be effectively used in solo practice, training drills, disarm drills, demonstrations and any other activity where you want a reasonably close approximation of realism but not the extreme danger and risk associated with an actual knife. The Santoprene rubber blade is soft enough to prevent the likelihood of most bodily injury. It does however, have a level of firmness that might cause injury to the face or the eyes, so it is recommended that appropriate eye protection or a fencing mask is utilized at all times when using a Cold Steel® rubber training knife. ....Retail \$9.95
